January 3, 2022

Dear Oblates,

As you may have heard, the Occupational Safety and Health Administration (“OSHA”) recently released an Emergency Temporary Standard (“ETS”) requiring certain employers, including Oblate Service Corporation (OSC), to require employees to become fully vaccinated against COVID-19 or to participate in required weekly COVID-19 testing and facemask-wearing.

To be in compliance with these requirements the following information will be distributed to OSC employees by the close of business today Monday, January 3, 2022.

Under the current law, OSHA is set to begin enforcing the ETS on January 10, 2022. In compliance with the ETS, OSC is adopting a COVID-19 Vaccine and Testing Policy, effective January 3, 2022. Under the policy, all OSC employees must either 1) become fully vaccinated by January 9, 2022, or 2) participate in weekly COVID-19 testing and wear a facemask while in the workplace.

I will inform you if any changes should occur. Please continue to follow the CDC recommendations and protocol regarding COVID-19 and its variants.
